

Dear Lyle D. Jaffe

Because of the ^{29th MAY -4 PZ 52} terrible mistreatment
hens, my family and I have stopped
eating eggs. I will continue to educate
friends until forced molting is stopped.
Not only is it cruel, but is the
major cause of Salmonella poisoning.

This stressful condition also
weakens the bird's immune system so
badly that they become prone to disease,
bone breakage, and infections. I will
not eat this!
